

DYL RAMON

TECHNICAL RIDER • DJ / ARTIST

TECHNICAL REQUIREMENTS

Dyl Ramon performs as a solo DJ. A reliable, professional Pioneer setup is preferred wherever possible.

DJ BOOTH

- Professional DJ booth with sufficient space and stable power.
- Preferred: Pioneer DJ equipment.
- Preferred all-in-one setup: Pioneer XDJ-RX3.
- Equivalent professional Pioneer CDJ/XDJ setup is also suitable.

PREFERRED SETUP

Item	Preferred
Players / all-in-one	Pioneer XDJ-RX3
Alternative	Professional Pioneer CDJ/XDJ setup
Mixer	Pioneer DJM series or equivalent
Monitoring	Professional booth monitor(s)
Headphones	Artist brings own headphones

AUDIO & POWER

- Clean stereo PA signal with professional-quality sound.
- Booth monitoring should be clearly audible without excessive volume.
- Stable mains power for the DJ equipment.
- All equipment should be tested and operational before artist soundcheck.

SOUNDCHECK

Please allow approximately 10–15 minutes for setup and soundcheck when required. USB media and music library are supplied by the artist.

CONTACT

For technical questions or setup confirmation, please contact the booking contact / artist representative supplied with the booking.

This rider is intended as a practical guideline. Reasonable equivalent equipment can be agreed in advance.
